# STANCE SET

---

## Stance Set Notes:

---

There are 22 stances in this set. This set shows transitions between stances. Hidden within this set are a number of foot maneuvers that you need in order to move from one stance to another. This set teaches smooth transitions from one stance to another. You will recognize the stance switches from both techniques and forms.

This set is done with the hands isolated on the hips. This is to bring focus on the hips and proper body alignment during the transitions as well as within the stances themselves.

Make a list of environments to practice this set. The practice of this set in various environments and predicaments will add greatly to your chances of survival on the street.

Practice sets with various rhythms:

- Mechanically (slow and fast), fluid (slow and fast), hard and fast, and super fast.
